

Hi, I'm Dinesh Alla and I am the

FOUNDER & CEO OF DT7 AGENCY

Founder & CEO · DT7 Agency Pvt. Ltd. · AWS Architect · Web Development · Cloud Services · Branding · Digital Marketing · Creative Strategies · Business Amplification

Let's Connect with Me

● AWS Architect ● Web Development ● Cloud Services ● Branding ● Digital Marketing ● Creative Strategies ● Business Amplification

My Story

I began my career in 2013 as a Junior Developer, gaining expertise in software development, database management, and AWS solutions. Over the years, I advanced in technology and leadership, mastering diverse technical domains. In 2022, leveraging nearly a decade of experience, I founded DT7 Solutions, offering cutting-edge digital services such as website development, social media management, and e-commerce solutions across platforms like Amazon. Our mission is to empower clients with innovative strategies to enhance their online presence and drive business growth. Following the tremendous success of DT7 Solutions.

I expanded my entrepreneurial ventures by establishing DT7 Agency, where we focus on designing, digital marketing, branding, and crafting innovative strategies to amplify business growth. In addition to my entrepreneurial endeavors, I am also a Managing Partner at Sri Sainadh, Frosinn Rocha, Alanati Ruchulu and NR Constructions.
